

**BENCO  
Personnel Manual**

**MEDICATION ERROR DISCIPLINARY PROCEDURE**

The following are steps of disciplinary action to be taken when a Benco employee makes a medication/treatment error.

When an error is discovered the Program Coordinator will make every attempt to inform and retrain the employee within 2 business days. If an error results in a disciplinary step as listed below that requires the supervisor and an administrator meeting with the employee, then this meeting will be scheduled to occur within 5 business days.

All documents pertaining to an employee's disciplinary procedure must indicate if the error was a Documentation or Administration error and indicate the error number.

The Documentation Error Procedure and the Administration Error Procedure are independent of each other. All documentation or administration errors will be removed and reset from the "Medication Error Record" annually after the anniversary of the first error.

**DOCUMENTATION ERRORS**

A documentation error is defined as a failure to initial for a medication or treatment that has been properly administered. The employee has a 48-hour grace period from the time of administration, in which, they may initial for the medication or treatment without receiving a documentation error. After that time, if the medication or treatment is still not initialed, the following steps will be taken. If an employee catches their own documentation error within 48 hours and completes a GER the employee will not receive a documentation error.

- |   |   |
|---|---|
| <u>1<sup>st</sup> &amp; 2<sup>nd</sup><br/>Errors</u> | No formal discipline. The administrators will track all errors on the <i>Medication Error Record Form</i> . The responsible employee will be informed of the error and receive documentation on the error.  |
| <u>3<sup>rd</sup> Error</u>                           | The employee will receive a 3 <sup>rd</sup> Documentation Error Retraining Form.
